Dear Dr. Ezeugwu,

NasukkaUSA (NUSA) Financial Aid Award Account Report (2014-2015)

On behalf of NasukkaUSA Inc., we would like to thank you and Just Heart Help Inc. (JHH) for your generosity and continued support of NUSA's annual merit-based financial aid award given to high-performing undergraduate students at University of Nigeria, Nasukka. For the 2014/2015 academic sessions, NUSA's Socio-Economic Empowerment program provided financial aid awards to 14 Nasukka indigenes, four of them made possible by the generous endowment from JHH. Each student received ₦75,000 to assist in tuition costs. The annual list of all recipients is enclosed with this letter.

Also, I acknowledge the kind donation of \$ 1,800 from JHH to NasukkaUSA for the purchase of six small-scale agricultural machines donated to six local governments in Nasukka Senatorial Zone of Enugu State, Nigeria. Through NUSA and JHH partnership, we were able to provide the machines to support economic empowerment of rural communities in Nasukka.

As NUSA prepares to initiate the process of selecting the 2015/2016 financial aid awardees, we look forward to continued collaboration with Just Heart Help to provide scholarships to another 14 of the best and brightest students from Nasukka cultural zone. Through your continued support, these under-privileged, but high performing students will be able to complete their studies at University of Nigeria, Nasukka with less financial burden.

We thank you in advance for your generosity and look forward to receiving the funding for the 2015-2016 awards very soon.

Sincerely,

Sam Agbo
